

KAYENTA/CHETTRO POOL OPENING

Kayenta Recreation Association is opening the Chettro pool as of this date. Significant restrictions associated with members use are being put into place to protect the health of those participating. In that regard, the number of facility occupants as well as duration of stay will strictly be enforced. This will allow the greatest number of members the benefits of exercise and enjoyment. The occasional-use swimming option is not being offered at this time. The membership fee which includes access to tennis is being offered at \$350.00 per membership household for the season.

We are hopeful we will be successful in completing this year's swim season without further interruptions. This, of course, is subject to the risks associated with any Public Health mandate, related to the Covid-19 pandemic.

The health and safety of our members is our primary concern. In that regard, our pool Covid-19 guidelines will be strictly enforced. For those opting to participate, we appreciate your support of KRA and thank you in advance for your consideration for the health and safety of yourself and other participants.

The Halaku pool is not being opened at this time. KRA is anticipating an opening in late May, circumstances permitting.
